

FREELIFENERGY®
FUEL FOR SPORT

GUIDE TO THE USE OF THE PRODUCTS

The logo features the text "FUEL FOR SPORT" in a bold, italicized, white sans-serif font with a black outline. The text is arranged in three lines: "FUEL" on the top line, "FOR" on the middle line, and "SPORT" on the bottom line. The text is set against a green background that forms a large, stylized letter 'A' shape. The 'A' is composed of two green triangular sections meeting at a central point, with the text centered within the upper portion of the 'A'.

ALL4ONE

High-dose multivitamin and multimineral with antioxidants and enzymes

WHY

Useful to guarantee the body the essential nutritional support to maintenance of psychophysical balance, especially if subjected to high levels of stress.

WHEN

Take 1 tablet per day with water during the meal

FORMAT

30 tablets

- Highly concentrated multi-nutrients
- 13 vitamins + 11 minerals
- Addition of Enzymes to promote assimilation
- Addition of Alpha-Lipoic Acid and Coenzyme Q10

AMINOACIDI RAMIFICATI WITH VITAMIN B6

Pure branched chain amino acids with Vitamin B6

WHY

Useful for reducing muscle damages caused by intense sporting activity, and promote rapid recovery.

WHEN

Take in relation to body weight 5 to 7 capsules per day parted between before the session and immediately before going to bed in the evening

FORMAT

150 capsules

- 100% branched chain amino acids (BCAAs)
- L-leucine, L-isoleucine, L-valine ratio: 2:1:1
- Anti-catabolic and energetic function taken before and during physical activity
- Anabolic function if taken afterwards physical activity or pre-sleep

ASTRAGALO

Liquid dietary supplement of Astragalus

PERCHÈ

Useful for its anti-stress functions on a mental level, it improves learning and memory.

QUANDO

Take one vial as needed

FORMATO

10 vials of 25 ml

- Highly concentrated plant extract, standardized and titrated
- Immunomodulatory plant with antiviral activity
- It has cardi tonic and antioxidant activity
- Promotes healthy recovery fatigue
- Does not irritate stomach and intestines

ENERGETIKA BARS

Bar high in sequential carbohydrates based on puffed cereals.

Apricot - Citrus fruits and Almonds - Coffee - Cherry and Black Cherry - Coconut - Walnuts

WHY

Excellent snack before any type of sporting activity and during activity which last for several hours. Very useful also after the activity to encourage recovery. Excellent energy snack for coffee breaks, snacks and/or quick snacks.

WHEN

Take 1 bar before training sessions and 1 every hour approximately during endurance activity or long duration

FORMAT

35 grams

- Bar made from puffed cereals and almond paste
- Provides carbohydrates for assimilation and sequential use
- With real fruit and natural ingredients
- Good on the palate and quick to digest
- Excellent energy snack useful before, during and after the activity

BRAIN PLUS

Food supplement based on NADH, PS, ALA and CoQ10

WHY

It promotes energy metabolism, counteracts aging processes due to oxidative stress and supports memory. Playing an effective neuroprotective role, it improves memory, mood, cognitive deficits and mental concentration.

WHEN

Take 1 capsule per day with water

FORMAT

90 capsules

- 
- Counteracts the processes of aging and mental degeneration
 - Promotes learning, concentration, verbal fluency, visual construction and memory
 - Promotes cellular energy metabolism of the entire nervous system
 - Protects brain cells from oxidative stress

VITAMIN C-1000

High quality Vitamin C

WHY

Useful for optimal operation of immune system and cellular protection from oxidative stress.

WHEN

Take 1 tablet per day with water during the meal

FORMAT

60 tablets

- High quality Vitamin C
- Contributes to normal function of the immune system
- Adjuvant for the protection of cells from oxidative stress

CARNITIN

Carnitine food supplement

WHY

Useful for conveying lipids at a cellular level. Level needed to be metabolized for energy purposes. Useful for maintenance of the integrity of the nerves, of the abilities cognition and memory.

WHEN

Take 1 to 2 capsules per day with water if possible away from meals

FORMAT

60 capsules

- L-Carnitine from high purity Acetylcarnitine
- Grease carrier for use energy at the cellular level
- Supports cardiac function even under stress
- Assists in promoting reduction of fat mass

CHOLLES FREE PLUS

Policosanol, Choline, Cinnamon and Coenzyme Q10 supplement

WHY

Useful for promoting balance in cholesterol production, rebalancing the production of triglycerides, modular blood sugar control, promote body weight control, promote liver health and pancreas health.

WHEN

Take 2 to 4 capsules per day with water during the meal

FORMAT

120 capsules

- Plant extract, highly concentrated active ingredients, standardized and titrated
- Useful in case of level imbalances cholesterol and triglycerides
- Modulates and stabilizes the blood sugar level in the blood
- Supports liver and pancreatic function

DETOX

Supplement based on Milk Thistle, Reduced Glutathione and ALA

WHY

Useful for promoting the function purifying and detoxifying, the mobilization and metabolism of fat, liver health, function digestive, an antioxidant and anti-aging effect.

WHEN

Take 1 or 2 capsules per day with water during the meal

FORMAT

60 capsules

- Plant extract and high active ingredients concentration, standardized and titrated
- Principles with purifying properties, antioxidant and lipotropic
- Promotes the metabolism of lipids and carbohydrates
- Supports function and protects tissue of the liver

DIMA PLUS

Food supplement based on green coffee and chromium picolinate

WHY

Promotes and supports metabolic function that regulates weight and physical fitness. Useful for the drainage of liquids, it has a tonic and antioxidant action.

WHEN

Take 2 capsules per day with water during the meal

FORMAT

60 capsules

- Tonic action on the metabolism
- Promotes body weight control
- Promotes the regulation of blood sugar levels
- Promotes the mobilization and metabolism of fats
- Has an antioxidant and anti-aging action

ELEUTEROCOCCO PLUS

Eleutherococcus Senticosus supplement

WHY

Useful for maintaining physical energy and mental clarity, increases capacity to adapt to stressors environmental. Excellent adjuvant for react to states of fatigue and exhaustion. Promotes resistance in intense sporting activity. It doesn't irritate stomach and intestines.

WHEN

1 vial as needed / Take 2 capsules per day with water during the meal

FORMAT

10 vials of 25 ml / 60 capsules

- Highly concentrated plant extract, standardized and titrated
- Plant with tonic and adaptogenic action "Eleutherococcus Senticosus"
- Does not irritate the nervous system, excellent for women and sensitive subjects
- Promotes resistance to stress and fatigue

FERROLIP

Liposomal Iron Supplement with Vitamin C and Minerals

WHY

Useful to compensate for iron deficiency and Anemia, to support an intense sport activities, bleeding and abundant menstruation, pregnancy and breastfeeding, vegetarianism and veganism, alopecia and nail fragility, malabsorption and gastric hypo-acidity.

WHEN

Take 1 capsule per day with water during the meal

FORMAT

60 capsules

- Liposomal iron supplement
- Added Vitamin C and minerals
- Manganese and Copper improve use of iron inside red blood cells
- Highly assimilated

FITODIUR

Food supplement based on SPIREA, BIRCH, PILOSELLA,
GIAVA TEA, GOLDENROD, JUNIPER, ACEROLA and VITAMIN B3

PERCHÈ

Food supplement based on 6 plant extracts capable of promoting the drainage of body fluids and the functionality of the urinary tract.

QUANDO

Take 1 (one) to 3 (three) capsules per day with water.

FORMATO

90 capsules

- Promotes the physiological mechanisms regulating the urinary system and diuresis
- Promotes tissue drainage and the functioning of the lymphatic system
- Useful in cases of declivous edema, swelling and heaviness in the lower limbs
- Useful in cases of cellulite, water retention and purification phases

www.freelifenergy.com

tel. 039 5970356

GINSENG COMPLEX

Tonic and stimulating blend of plants

WHY

Useful as a tonic, energetic and adaptogen. Promotes resistance to fatigue, temperature variations and altitude variations. Recommended during periods of intense psychophysical stress.

WHEN

Take 1 vial in the morning before breakfast

FORMAT

10 vials of 25 ml

- Liquid blend of high quality plant extracts, standardized and titrated
- Tonic and adaptogenic plants: Ginseng, Eleutherococcus and Astragalus
- Promotes adaptation skills, resistance to stress and fatigue, recovery condition of tiredness and fatigue
- Eliminates the risk of overtraining

GLUTAMMINA

Food supplement based on L-Glutamine

WHY

It performs a regeneration and repair function. Promotes sports performance, reduces the accumulation of lactic acid. A deficiency can slow and reduce an adequate immune response.

WHEN

Dissolve 5 g of product, equal to a level scoop, in approximately 150 ml of water per day

FORMAT

200 gr

- 
- 100% pure L-Glutamine
 - Anti-catabolic of muscle tissue
 - Regenerating the gastrointestinal mucosa
 - Support for immune defenses
 - Powder with measuring cup - 200 gr.

HYDRORACE EVOLUTION – ORANGE

Orange flavor hypotonic saline supplement with Magnesium, Potassium, Vitamin C and Vitamin E

WHY

Useful for giving back to the body the precious mineral salts lost due to the intense sweating. Easily digestible and rapid assimilation. Without dyes and chemical sweeteners.

WHEN

Take 1 sachet or 1 level scoop (20 gr.) in 1/2 liter of water during or after sporting activity or after intense sweating

FORMAT

- 14 sachets of 20 grams
- 600 gram jar

- 
- Highly assimilable magnesium and potassium added with vitamin C and vitamin E
 - Without dyes, without chemical flavorings and without chemical sweeteners
 - No gastrointestinal consequences
 - Eliminates the risk of cramps and contractures
 - Helps restore impaired electrolytes from intense sweating
